

Over the summer you are required to read a book selected by me and a novel chosen by you . Your selected book should be grade level appropriate and a novel you have not already read. You are also asked to read two sections from the bible and write a one page summary of the passage. Your book reports for the novels and bible summaries are due on the first day of school. They will be used as a guide for me to see how well you understood the book and will count towards your reading grade. The bible passages count as part of your religion grade. All assignments should be typed and turned in the first day of school. You should copy and paste the book report form that is posted online at our school website into a word document and fill it in. You can also follow the book report format and simply type your completed answers. Extra credit is not given for turning these in early. Please DO NOT email them to Mrs. Evans or Mrs. Stockman bring them to class.

Girls- Island of the Blue Dolphins

Boys- Hatchet

Bible - Both Genesis and Exodus

Novel of your choice
